

## CINDY HOLZHEIMER

PRESIDENT/CEO

Cindy became the President/CEO of the Northern Ohio Area Chambers of Commerce (NOACC) in September 2018. She had been the NOACC Chairperson from 2016 to 2018 and their recording secretary in 2015. During that time, she was serving as the Executive Director of Beachwood Chamber of Commerce, a position she held for nearly 5 years.

Through her role at NOACC, chambers are able to offer their members high-quality costs savings benefits that save businesses thousands of dollars on programs such as health insurance discounts, energy aggregation, workers compensation group rating discounts, shipping/freight discounts and much more.

Community outreach and volunteering has always been a part of who Cindy is as a person. She takes great pride in helping chambers and businesses find unlimited success by connecting with one another to foster growth and unity. The biggest reward is helping the business community realize the value of belonging to their local chamber of commerce.

Cindy is an Akron native and now resides in Cuyahoga Falls with her husband Bruce. She volunteers with the Boy Scouts of America as a Wilderness Engineer and she and her husband are very avid Chevy Camaro and Harley Davidson enthusiasts.
